

Promise: Lower Costs for Businesses

“The plan I’m announcing tonight would meet three basic goals. It will provide more security and stability to those who have health insurance. It will provide insurance for those who don’t. And it will slow the growth of health care costs for our families, our businesses, and our government.”

President Obama, Remarks to Joint Session of Congress, 9/9/09

Reid Bill Reality

“The Patient Protection and Affordable Care Act, which is short on savings and long on costs, is the wrong reform, at the wrong time and will increase healthcare costs and the cost of doing business.”

National Federation of Independent Businesses, December 8, 2009
